These grants were established in 1948-49 as a step in the development of adequate health services for the people of Canada. Grants are available to the provinces upon terms and conditions approved by the Governor in Council and upon certification by the Minister that a province has agreed thereto. General conditions which apply to all grants are that the projects may be submitted as part of a satisfactory provincial plan or program for the development of the relevant health service, and that the province undertakes to (*a*) expend the moneys received out of its share of the grant for the development of the approved plan or program; (*b*) furnish from time to time, reports and statements of expenditure to the Minister covering the development of the plan or program; (*c*) refund unexpended moneys on completion of any project or at the end of the fiscal year, whichever is earlier; and (*d*) maintain adequate records and accounts. Payment of grants is based on the submission of audited claims for reimbursement of expenditures made by provincial governments.

Assistance to hospitals listed in schedules to agreements with the provinces under the Hospital Insurance and Diagnostic Services Act has been given in respect of uninsured services.

The arrangements and conditions of the grants remained substantially the same as in 1962-63, except for changes in the Cancer Control grant and the Medical Rehabilitation and Crippled Children grant, in regard to which see the preambles under sections E and G following.

A *General Public Health Grant.* This grant is provided to assist the provinces in implementing a plan or program, on a project basis, for extending and improving both provincial and local health services, including the training of personnel and conducting surveys and studies in the public health field. It is conditional upon the provinces undertaking to maintain the standard and extent of general public health services as existed at March 31, 1948.

E *Cancer Control Grant.* The purpose of this grant is to assist the provinces in approved programs for the detection and treatment of cancer, including the training of personnel and the conduct of surveys and studies. The grant is administered by approval of individual projects which are on a matching basis with the provinces, except in regard to research and training, for which payments may be made to cover in full the amounts expended by the provinces.

In 1963-64, for the first time ten per cent of this grant, i.e., $350,000, was set aside to assist in stimulating and developing research in the field of cancer. Following the pattern of the Public Health Research Grant, the funds were not allocated to provinces but were made available to them severally or jointly on a non-matching basis.

G *Medical Rehabilitation and Crippled Children Grant.* The purpose of this grant is to assist the provinces in approved programs for medical rehabilitation and prevention and treatment of crippling conditions in children and adults, including ancillary rehabilitation facilities and services, the training of personnel, and the conduct of surveys and studies. The cost of approved projects is to be shared by the federal and provincial governments, except that provision is made that in the purchase of equipment, the training of personnel and the conduct of surveys and studies, payments may be made to cover the full amounts expended by the provinces.

In 1963-64 the sum of $200,000 was added to this grant to assist in the establishment and maintenance of special research and training units related to the care of disabled persons. The addition was prompted by concern for phocomeliac children, but the units do not restrict their activities to this field. The units are located in Winnipeg, Toronto, and Montreal, to serve on a regional basis. The assistance is not allocated to all provinces and is non-matching.

	Estimates	Allotments	Expenditures
Assistance to the provinces, the Northwest Territories and the Yukon Territory within the fields and under the terms set out hereunder:			
Hospital construction grants to assist the provinces in the provision of adequate accommodation for hospital and health services to be distributed on the following bases: $2,000 per bed for hospital beds or bed equivalents in the case of health facilities; and $750 per bed for living quarters for nurses and interns; and for assistance in renovations of hospital and health facilities which shall not exceed in any case an amount determined according to the foregoing bases or one-third of the total cost, whichever is less; in all cases the provinces to match or exceed federal contribution which shall in no case exceed one-third of the actual cost. (Grant consists of $20,367,320 being the annual allocation and of a revote of $6,228,955 for unclaimed allocations since April 1, 1953);			
And to be allocated to the provinces, the Northwest Territories and the Yukon Territory, as follows:			
Newfoundland	1,254,089	1,254,089	958,929

Less—Estimated amount required for commitments to fall due during the fiscal year, in accordance with the hospital construction grants detailed above but not required for actual expenditure during that year	4,596,275	4,596,275	
Total, hospital construction grants (30)	$22,000,000	$22,000,000	$22,000,000

NOTE.—The amounts of the revotes of the hospital construction grants, as specified in the details of the Estimates, were calculated before the Supplementary Estimate of $2,000,000 was made available, and before all payments to the provinces in respect of the fiscal year 1962-63 were known. Payment in respect of that year to the province of Ontario was higher than estimated, and consequently, the amount of the revotes available to that province was overstated as follows:

	Estimates	Overestimate of revote	*Net amount available for commitment
Ontario	$ 7,596,091	$ 58,365	$ 7,537,726

*Net amount only was made available to the province for commitment.

The following are the payments of hospital construction grants to provinces in the current fiscal year, the maximum amounts available in the year and the net cumulative payments from the inception of the policy to the close of the year:

The hospital construction grants are to assist the provinces in providing adequate accommodation for hospitals and health services, living quarters for nurses and interns, and hospital training facilities, by grants of $2,000 per bed or bed equivalent for hospitals and health services and $750 per bed for living quarters for nurses and interns. They also provide assistance for major renovation of existing facilities. Conditions of these grants require that construction or renovation projects be submitted in accordance with a provincial plan or program for the provision of adequate accommodation and that the province undertakes to contribute to the capital cost of the project an amount at least equal to the federal contribution, which in any case shall not exceed one-third of the total cost of construction.

Health services, including assistance to the provinces—Contributions to provinces under agreements entered into pursuant to the Hospital Insurance and Diagnosic Services Act, c. 28, 1956-57, as amended ..... (30) $ 392,244,235

The act authorizes the Minister, with the approval of the Governor in Council, to enter into an agreement with any province to provide for the payment by Canada of contributions towards the cost of insured hospital and diagnostic services incurred by the province. Agreements have been made with all the provinces and the territories.

The Act provides that Canada's contribution shall be paid in respect of each calendar year and that the amount of the contribution to each province is to be based on a formula which gives consideration to (*a*) the per capita costs of in-patient services in Canada; (*b*) the per capita cost of in-patient services in the province; (*c*) the cost of out-patient services in the province; (*d*) the proportion of the population of the province entitled to insured services, and (*e*) the proportion of the year during which an agreement existed. A formula, similar in effect, is prescribed by the regulations for the calculation of monthly advances on account of contributions.

Family allowances payments, Family Allowances Act, c. 109, R.S., as amended .. (25) $538,312,224

The above Act, as amended, provides for payment of monthly allowances for all eligible children under the age of sixteen years who are resident in Canada. For administrative purposes, regional offices of the Family Allowances Division have been established in each provincial capital.

While application for registration of a child for family allowances is made by both parents, the allowances are normally paid to the female applicant, except in most unusual circumstances. There are certain eligibility requirements set out in the legislation including maintenance by the parent, school attendance, etc. The scale of monthly payment for each child is as follows: for children under 10 years of age—$6 per month; for children from 10 to 16 years of age—$8 per month. Payment ceases with the payment for the month in which the child reaches the age of 16 years.

Payments of allowances are made under authority of the Act, from unappropriated moneys in the consolidated revenue fund; while the administrative expenses are payable out of moneys appropriated by Parliament for the purpose (Vote 55).

A distribution, by provinces, of payments made to parents or other parties responsible for the maintenance of children eligible for such allowances follows:

This vote was provided for the cost of carrying out the Federal Government's responsibility in connection with the Old Age and Unemployment Assistance, Blind Persons and Disabled Persons Acts. This requires an examination of all decisions made by the provincial pension authorities, as well as an audit of the accounts submitted by the provinces.

A Medical fees of $500 or over were paid to: J A Barrette Montreal $547, C Cyr Montreal $899, J P Demers Montreal $890, F J Desmond Moncton NB $596, M Mercier Levis Que $1,320, P A Taillefer Montreal $1,206.

Old age assistance—Payment of federal share of assistance, Old Age Assistance Act, c. 199, R.S., as amended ..... **(26) $39,208,181**

The Act, as amended, makes provisions for federal contributions to the provinces of 50 per cent of not more than $65 per month towards assistance to people who have attained the age of 65 years and who fulfil the residence and income requirements specified in the Act. This rate was increased to $75 per month effective December 1, 1963. In order to qualify, an applicant must have resided in Canada for the 10 years immediately preceeding the date of the proposed commencement of assistance. Both the Act and the regulations under the Act make special provisions for persons who may have been absent during the 10 year period. The maximum income allowed in a year including assistance was at the following rates:

	To November 30, 1963	From December 1, 1963
Unmarried	$ 1,140	$ 1,260
Married	1,980	2,220
Married with blind spouse	2,340	2,580

Assistance is not payable to any person who is in receipt of an allowance under the Blind Persons Act, the Disabled Persons Act or the War Veterans' Allowance Act, or a pension under the Old Age Security Act.

Under the Act, the Provincial Government is required to enter into an agreement with the Federal Government. Subject to the provisions of the Act, a province may specify the minimum age of a recipient and any other conditions of eligibility set forth in the provincial law, the maximum assistance to be paid and the maximum amounts of allowable income.

All provinces and territories paid assistance at the maximum rates with no added conditions of eligibility until December 1, 1963, at which time all provinces and territories except Newfoundland, Prince Edward Island, Quebec and the Northwest Territories adopted the higher rates of assistance and of maximum allowable income. Those three provinces and the Northwest Territories continued throughout the year at the lower rates.

Blind persons allowances—Payment of federal share of allowances, Blind Persons Act, c. 17, R.S., as amended ..... **(26) $ 4,987,897**

The Act, as amended, makes provision for federal contributions to the provinces of 75 per cent of not more than $65 per month towards the payment of allowances to blind persons of 18 years of age or over who fulfil the residence and income requirements specified in the Act. This rate was increased to $75 per month effective December 1, 1963. The Act requires residence in Canada during the 10 years immediately preceding the date of the proposed commencement of the allowance, but makes special provision for persons who may have been absent from Canada during the 10 year period. The maximum income allowed in a year including allowance was at the following rates:

	To November 30, 1963	From December 1, 1963
Unmarried	$ 1,380	$ 1,500
Unmarried with a dependent child/children	1,860	1,980
Married	2,340	2,580
Married with blind spouse	2,460	2,700

An allowance for blindness is not payable to any person who is in receipt of assistance under the Old Age Assistance Act, an allowance under the Disabled Persons Act or the War Veterans' Allowance Act, a pension under the Old Age Security Act, or a pension in respect of blindness under the Pension Act.

Under the Act, the Provincial Government is required to enter into an agreement with the Federal Government. Subject to the conditions of the Act, a province may specify the maximum allowance to be paid, and the maximum amounts of allowable income. All provinces and territories paid assistance at the maximum rates until December 1, 1963 at which time all provinces and territories except Newfoundland, Prince Edward Island, Quebec and the Northwest Territories adopted the higher rates of allowances and of maximum allowable income. Those three provinces and the Northwest Territories continued throughout the year at the lower rates.

Disabled persons allowances—Payment of federal share of allowances, Disabled Persons Act, c. 55, 1953-54, as amended ..... **(26) $20,206,543**

The Act, as amended, makes provision for federal contributions to the provinces of 50 per cent of not more than $65 per month towards the payment of allowances to totally and permanently disabled persons of 18 years of age or over who fulfil the residence and income requirements and other conditions specified in the Act. This rate was increased to $75 per month effective December 1, 1963. The Act requires residence in Canada during the 10 years immediately preceding the date of the proposed commencement of the allowance, but makes special provision for persons who may have been absent from Canada during the 10 year period. The maximum income allowed in a year including allowance was at the following rates:

	To November 30, 1963	From December 1, 1963
Unmarried	$ 1,140	$ 1,260
Married	1,980	2,220
Married with blind spouse	2,340	2,580

Under the Act, the Provincial Government is required to enter into an agreement with the Federal Government. Subject to the provisions of the Act, a province may specify the maximum age of a recipient and any other conditions of eligibility set forth in the provincial law, the maximum allowance to be paid and the maximum amounts of allowable income.

All provinces and territories paid allowances at the maximum rates until December 1, 1963, at which time all provinces and territories except Newfoundland, Prince Edward Island, Quebec and the Northwest Territories adopted the higher rates of allowances and of maximum allowable income. Those three provinces and the Northwest Territories continued throughout the year at the lower rates.

Unemployment assistance—Payment of federal share of assistance—Unemployment Assistance Act, c. 26, 1956, as amended ..... (26) $ 107,370,707

The Act, as amended, authorized the Federal Government to enter into an agreement with any province to provide for a federal contribution of 50 per cent of all unemployment assistance granted by a province or by a municipality.

The conditions under which payment is granted and the rates of assistance are determined by the province or municipality. Expenditures for both employable and unemployable persons may be included and the costs of maintaining persons in homes for special care, such as homes for the aged and nursing homes, are considered as shareable.

Agreements have been entered into with all the provinces and the two territories.

This vote was provided to meet the cost of: (*a*) the examination and appraisal of imported goods; (*b*) the assessment and collection of the duties and taxes payable thereon; (*c*) the assessment and collection of excise duties; (*d*) the supervision of customs bonded warehouses and licenced excise establishments; and (*e*) the port administration of the customs and excise laws and regulations in the control of international traffic entering or leaving Canada by road, rail, sea and air.

In addition to the payments from this vote, 97 customs and excise officers received $16,093 from other departments for part time services.

Expenditures included an ex-gratia payment of $100 or over as follows:

Particulars and payee	Authority	Amount
Settlement of outstanding municipal taxes (1958-64 period).		
C B Davis 54 Reid Street Corner Brook Nfld	P.C. 1964-30/367, March 12, 1964 .....| $	602

A Extra services during regular working hours and overtime services on Sundays, holidays and outside of regular hours were performed for the accommodation of railway companies and business firms, and included the services of port officers assigned to duties of a supervisory nature in bonded factories and warehouses.

The cost of the extra services and a large proportion of the overtime services were paid for by the parties accommodated. The sum of $966,168 so recovered was credited to this vote.

B Expenditures included payments to Brink's Express Company of Canada Limited $2,717 for armoured car services, Canada Corps of Commissionnaires $27,936.

C Expenditures included $73,740 for travelling and living expenses of officers while acting in a relieving capacity away from their places of residence and $45,016 for removal expenses.

D Partially offsetting this expenditure, the sum of $10,397 was recovered (chiefly at the Port of Montreal) and is included under Non-Tax Revenue—Services and service fees.

E For the purpose of providing uniforms for customs officers, cloth is purchased by the department for resale to clothing manufacturers—see Customs and Excise revolving fund under the schedule, Departmental Working Capital Advances and Revolving Funds, in Volume I of this report and the appendix to this section. This allotment includes the cost of the completed uniforms, as well as waterproof clothing, leggings, caps, buttons and badges which are purchased in quantity.

F Stamps required for customs and excise purposes, and law stamps, required under the provisions of the Exchequer Court Act, c. 98, R.S., as amended, and the Supreme Court Act, c. 259, R.S., as amended, are manufactured under contract.

The buildings are located at frontier points, generally on international roads where traffic is limited and does not warrant the construction of more permanent facilities by the Department of Public Works.

The variation between the appropriation and the total of expenditures charged thereto was due to changes in the construction programs by Provincial Highway Departments necessitating deferment of certain departmental building projects, difficulties encountered in siting and property negotiations, unfavourable weather conditions and other unforeseen developments.

POST OFFICE DEPARTMENT

Under authority of the Post Office Act, c. 212, R.S., as amended, the Post Office Department, under the direction of the Postmaster General, is entrusted with the management and operation of the postal services of Canada and the Post Office Savings Bank. In addition, the department performs certain services of an agency nature for other departments (without remuneration in some instances), the most important of which are: receiving payments on Government annuities; selling unemployment insurance stamps; and making available to the public certain forms and literature issued by Government Departments.

Post Offices are divided into two main groups, namely staff offices and revenue offices. The postmasters and staffs of the staff offices are paid from parliamentary appropriations. Postmasters of revenue offices and their staffs are paid by salary warrants issued by headquarters of the Post Office Department and charged to Postal Revenue.

Appendix 1 to this section contains the Departmental Balance Sheet as at March 31, 1964 and Statement of Revenue and Expenditure for the year ended March 31, 1964.

Vote 44e Expenses of the Royal Commission on government organization			**11,200**
Expenditures	**(22)**	**$**	**11,176**

P.C. 1960-1269, September 16, 1960, authorized the appointment of J G Glassco, as chairman, R W Sellar and F E Therrien as commissioners under Part 1 of the Inquiries Act, to inquire into and report upon the organization and methods of operation of the departments and agencies of the government of Canada and to recommend the changes therein which they consider would best promote efficiency, economy and improved service in the despatch of public business, and in particular but without restricting the generality of the foregoing, to report upon steps that may be taken for the purpose of:

(*a*) eliminating duplication and overlapping of services;

(*b*) eliminating unnecessary or uneconomic operations;

(*c*) achieving efficiency or economy through further decentralization of operations and administration;

(*d*) achieving improved management of departments and agencies, or portions thereof, with consideration to organization, methods of work, defined authorities and responsibilities, and provision for training;

(*e*) making more effective use of budgeting, accounting and other financial measures as means of achieving more efficient and economical management of departments and agencies;

(*f*) improving efficiency and economy by alterations in the relations between government departments and agencies, on the one hand, and the Treasury Board and other central control or service agencies of the government on the other; and

(*g*) achieving efficiency or economy through reallocation or regrouping of units of the public service.

P.C. 1960-3/1740 and P.C. 1960-6/1740, December 22, 1960, authorized payment to each of commissioners R W Sellar and F E Therrien respectively of (*a*) an amount not exceeding $75 per day for each day during the period from September 16 to December 31, 1960, and $100 per day effective January 1, 1961 for each day he is engaged in performing his duties as a commissioner; (*b*) a per diem allowance of $20 while absent from his normal place of residence in connection with his duties as a commissioner; and (*c*) actual and reasonable out-of-pocket transportation expenses incurred while absent from his normal place of residence in connection with his duties as a commissioner.

P.C. 1962-29/653, May 2, 1962, authorized reimbursement to Brazilian Traction, Light and Power Company, Limited, of actual travelling and living expenses, approved in accordance with the Company's regulations, incurred by J G Glassco, Toronto, while absent from his normal place of residence on Commission business, effective April 1, 1962. J. G Glassco served without remuneration.

DEPARTMENT OF PUBLIC PRINTING AND STATIONERY

Pursuant to the Public Service Rearrangement and Transfer of Duties Act, transfers affecting this department were made during the fiscal year under the authorities quoted.

By P.C. 1963-1130, July 25, 1963, the Governor General in Council transferred the powers, duties or functions of the Secretary of State of Canada under the Public Printing and Stationery Act to the Minister of Industry.

By P.C. 1963-1254, August 21, 1963, the Governor General in Council transferred to the Department of Defence Production the control or supervision of the Procurement, Purchasing and Stores Branch, the Production Branch, the Outside Printing Production Branch, and the supporting services contained in the Departmental Secretary's Branch, the Administrative Services Branch and the Financial Services Branch of the Department of Public Printing and Stationery.

By P.C. 1963-1450, October 3, 1963, the Governor General in Council transferred from the Department of Defence Production to the Department of Public Printing and Stationery, the responsibility for the procurement of print for books and publications.

By P.C. 1964-156, February 3, 1964, the Governor General in Council transferred to the Secretary of State of Canada the powers, duties or functions of the Minister of Industry relating to the Department of Public Printing and Stationery.

In accordance with the usual practice, the details of both 1963-64 and 1962-63 expenditures and revenues are shown under the Department to which the transfer was made.

This vote was provided to meet the costs of operation and maintenance, including salaries of civilian employees of the Marine Division. This division is employed in the enforcement of federal statutes along the seaboards and inland waterways and in assisting land divisions in the transport of personnel and carrying out police investigations in areas where water transportation is necessary. A particular duty is the enforcement of those sections of the Customs Act relating to smuggling including the maintenance of preventive patrols.

Revenue arising from the above expenditures amounted to $22,796 and consisted of: deductions from pay of members for quarters $5,969, deductions from pay of members for meals and rations $10,302, sale of clothing and kit $6,525.

A The following was the strength in the various commissioned and non-commissioned ranks as at March 31, 1964: 2 superintendents, 4 inspectors, 2 sub-inspectors, 8 staff-sergeants, 23 sergeants, 36 corporals, 32 constables and 119 marine constables. General rates of pay are given under Vote 1.

The Commissioner is authorized to engage marine constables under authority of the Royal Canadian Mounted Police Act. The annual rates of pay range from $3,240 to $5,715.

B Expenditures consisted of: plain clothes allowance $107, kit upkeep allowance $19,474, special northern subsistence allowance $5,305, married accommodation allowance $49,852. General rates of allowances are given under Votes 1 and 10.

C Payment was made to the Department of Veterans Affairs—see Vote 1.

D Expenditures were for provisions, mess ration allowances and fuel for cooking.

DEPARTMENT OF THE SECRETARY OF STATE

Pursuant to the Public Service Rearrangement and Transfer of Duties Act, and by P.C. 1964-156, February 3, 1964, the Governor General in Council transferred the powers, duties or functions of the Minister of Northern Affairs and National Resources, relating to the control, management and administration of the National Museum of Canada, to the Secretary of State of Canada; by P.C. 1964-158 transferred the powers, duties or functions of the Secretary of State of Canada under the Trade Marks Act, the Copyright Act, and the Patent Act to the Minister of Justice and designated the Secretary of State of Canada as the member of the Queen's Privy Council for Canada for the purposes of section 23 of the Canada Council Act, and as the Minister for the purposes of the Centennial of Canadian Confederation Act and the appropriate Minister with respect to the Centennial Commission.

In accordance with the usual practice, the details of both 1963-64 and 1962-63 expenditures and revenues are shown under the Department to which the transfer was made.

Statements re The Custodian will be found as an appendix to this section.

Addendum to the Statement of Assets and Liabilities

Methods of valuing the assets vested in the Custodian as at December 31, 1963

Assets	Details of Valuation
Cash	Foreign currencies included under this heading were converted to Canadian funds at current rates of exchange.
Gold	Valued at $38.50 per fine ounce, the price ruling at the outbreak of war.
Securities	Valued at par, except: (*a*) no par value shares, which are entered at $1 each; and (*b*) securities deemed worthless which are recorded at one cent per block of shares held in individual accounts. Foreign securities (other than U.S. which are recorded at par of exchange) were converted to Canadian funds at the exchange rates prevailing at the outbreak of World War II.
Equities in companies controlled by the Custodian	Valued at net worth, i.e., the combined amount of capital and surplus, according to most recent financial statements available and at a nominal value of $1 for each equity where no such statements were available.
Real estate	At the amount assessed for municipal tax purposes.
Mineral rights	At nominal value of $1 each.
Other assets:	
Personal effects	At real, appraised or nominal values.
Sundry: Life insurance policies, undistributed estates and land rentals	At nominal value of $1 for each item.

THE CUSTODIAN—*Concluded*

AUDITOR GENERAL OF CANADA

Ottawa, March 4, 1964.

THE HONOURABLE MAURICE LAMONTAGNE,
SECRETARY OF STATE,
OTTAWA.

Sir,

I have examined the accounts and financial statements of the Custodian for the year ended December 31, 1963 and have obtained all the information and explanations required.

The examination was made in accordance with generally accepted auditing standards and included a review of the accounting procedures and of the system of internal control together with such tests of the accounting records and other supporting evidence as were considered necessary in the circumstances.

The addendum to the statement of assets and liabilities explains the bases used in valuing the various classes of assets vested in the Custodian.

As in previous years, income earned from cash funds vested in the Custodian and from investments acquired from such funds, was recorded as income of the Custodian.

In prior years policy was to provide for the amortization of the cost of office furniture and equipment over a period of twenty years. During the year under review it was decided to write off the unamortized cost of office furniture and equipment as a charge to the year's operations, and to charge the cost of future acquisitions as an expense of the year in which the expenditure is incurred.

Subject to the foregoing, I report that, in my opinion, the accompanying statement of assets and liabilities and the statement of income and expense present fairly the financial position of the Custodian as at December 31, 1963, and the results of his administration of the Trading with the Enemy Regulations for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Yours faithfully,

A. M. HENDERSON,
Auditor General of Canada.

CANADIAN WHEAT BOARD

(Transfer from Department of Agriculture)

Payment of carrying costs of temporary wheat reserves owned by the Canadian Wheat Board, the Temporary Wheat Reserves Act, c. 2, 1956 ..... (20) $39,588,168

The above statutory authority provides that where, after July 31, 1955, the stocks of wheat of the Canadian Wheat Board exceed one hundred and seventy-eight million bushels at the commencement of a crop year, the Minister of Finance shall, out of the Consolidated Revenue Fund, pay to the Board for each day in that crop year an amount equal to the portion of the said stocks that exceeds one hundred and seventy-eight million bushels at the commencement of that crop year, multiplied by the carrying charge rate paid by the Board at the end of the immediately preceding crop year. If at the commencement of a crop year the stocks of wheat of the Board are not in excess of one hundred and seventy-eight million bushels, no payment shall be made by the Minister of Finance to the Board under this Act in respect of that or any subsequent crop year.

The stocks of wheat of the Canadian Wheat Board as at July 31, 1963 amounted to 415,602,529.5 bushels and, after the deduction of 178,000,000 bushels, as required by section 3 of the Act, the balance of stocks on which payment is based is 237,602,529.5 bushels. The total amount due the Board is $44,933,537 which is the amount arrived at by multiplying the balance of stocks of 237,602,529.5 bushels by the carrying charge of .05167 cents per bushel per diem for the period August 1, 1963 to July 31, 1964.

The above amount represents the balance of payments for the crop year 1962-63 in the amount of $9,632,477 and payments to March 31, 1963 for the crop year 1963-64 in the amount of $29,955,691.

Payments in connection with the Prairie Grain Advance Payments Act, c. 2, 1957-58, as amended ..... **(20) $ 864,398**

Section 15 of the Prairie Grain Advance Payments Act provides for payment to the Canadian Wheat Board of (*a*) interest charges paid or payable by the Board with respect to money borrowed by it or advanced on its behalf for the purposes of the Act, and (*b*) amounts of advance payments outstanding at the time of default, to the extent that the Board has not been reimbursed therefor after default.

The above amount consisted of interest charges of $857,409 paid under section 15 (*a*) of the Act plus payment in respect of defaulted accounts, $6,989. Cumulative payments to March 31, 1964, in respect of interest charges, were $4,900,721 and in respect of defaulted accounts, were $57,230. Refunds to March 31, 1964 in respect of defaulted accounts were $43,351.

Payments in connection with the Prairie Grain Provisional Payments Act, c. 2, 1960 **(20) $ 145**

Section 3 (1) of the Prairie Grain Provisional Payments Act authorized the Canadian Wheat Board to make provisional payments for the 1959-60 crop year in respect of future deliveries of unthreshed grain and section 8 (1) provides that, for the purpose of making such payments, the Board may borrow money, and the Minister of Finance may, on behalf of Her Majesty, guarantee, on such terms and conditions as the Governor in Council may approve, repayment of money so borrowed and interest thereon.

The above amount covering interest charges for the period April 1, 1963 to March 31, 1964, was paid under section 8 (1) of the Act.

NATIONAL PRODUCTIVITY COUNCIL

AUDITOR GENERAL OF CANADA

To: National Productivity Council
The Minister of Trade and Commerce
The Minister of Labour

I have examined the accounts and financial statements of the National Productivity Council for the year ended March 31, 1964 in accordance with the requirement of section 18 of the National Productivity Council Act. My examination included a general review of the accounting procedures and of the system of internal control, together with such tests of the accounting records and other supporting evidence as I considered necessary in the circumstances.

Section 22 of the Economic Council of Canada Act, which was assented to August 2, 1963, provides for the repeal of the National Productivity Council Act, for the settlement of outstanding debts and other obligations by the National Productivity Council and for the payment by the National Productivity Council of any balance standing to its credit to the Receiver General of Canada to be held and applied toward the payment of the expenses of the Economic Council of Canada. The balance of $4,824 in the surplus account at March 31, 1964 was subsequently paid to the Receiver General of Canada in accordance with the provisions of the Act.

In my opinion the accompanying Balance Sheet presents fairly the financial position of the National Productivity Council as at March 31, 1964 and the Statement of Income and Expense presents a true and fair summary of the financial transactions of the Council for the year then ended, in accordance with generally acccepted accounting principles applied on a basis consistent with that of the preceding year.

A. M. HENDERSON,
Auditor General of Canada.

June 11, 1964.

There are five official railway cars under the jurisdiction of the Department of Transport, two of which are for the use of the Governor General. All expenses in connection with the maintenance and operation of the cars are charged to this appropriation with the exception of commissary supplies provided for other than the Minister of Transport. These supplies are paid for directly by the department whose Ministers have used the official railway cars or by the office of the Governor General. Commissary supplies provided for the Minister of Transport amounted to $46.

The cars are hauled free of charge by the railways provided they are attached to regular scheduled trains.

Canada's equity in the Civil Aviation airport facilities located at these seventeen major airports was invested as follows:

Net current assets (current assets less current liabilities)		1,651,000	1,459,000
Net capital assets including land (at cost or appraised value less accumulated depreciation allowances)		227,536,000	166,185,000
Construction in progress		5,127,000	64,585,000
Accumulated excess of expenditures over revenues after depreciation allowances, from the date airport operations were recorded on an accrued basis:			
Balance at March 31, 1963	$46,219,000		
Excess of expenditures after depreciation 1963/64	5,715,000		
		51,934,000	46,219,000
Total Equity		$ 286,248,000	$ 278,448,000

These statements have been prepared from departmental accrual accounting records which are maintained for the following airports: Halifax, Moncton, Sydney, Gander, Montreal, Quebec, Toronto, Ottawa, Windsor, Winnipeg, Saskatoon, Edmonton, Fort St. John, Lethbridge, Prince George, Vancouver, Victoria. Vancouver revenues, expenditures and equity figures were not included in the summary shown in the 1962-63 Public Accounts.

J. R. BALDWIN,
Deputy Minister.

CANADIAN MARITIME COMMISSION

The Commission was established by the Canadian Maritime Commission Act, c. 38, R.S., effective from November 1, 1947, to consider and recommend to the Minister such policies and measures as it considers necessary for the operation, maintenance, manning and development of a merchant marine and ship-building and ship-repairing industry commensurate with Canadian maritime needs.

The Act also provides that the Commission shall (*a*) exercise and perform on behalf of the Minister such powers, duties and functions of the Minister under the Canada Shipping Act, as the Minister may require; (*b*) administer, in accordance with regulations of the Governor in Council, any steamship subventions voted by Parliament; and (*c*) exercise or perform any other powers, duties or functions conferred on, or required to be performed by, the Commission by or pursuant to any other Act or order of the Governor in Council.

The Commission consists of three members appointed by the Governor in Council for a period of five years.

* Amounts shown in the first column under "Estimates" represent the capital budget as originally presented by the National Harbours Board through the Minister of Transport and subsequently approved by Parliament. Those in the second column represent the details of the voted appropriation provided by Parliament and those in the third column, the net expenditures made from these appropriations.

In accordance with section 29 of the National Harbours Board Act, c. 187, R.S., as amended, certificates of indebtedness for $328,303 at 5⅛ per cent per annum, were issued to the Government of Canada to cover the expenditures under Votes 225 and 225a.

Expenditures reported under contracts include amounts charged to appropriations and to the replacement fund and the Board's revenues where applicable.

The variation between the appropriation and the total of expenditures charged thereto was due in part to the fact that some of the year's expenditures were charged to the Board's own funds rather than to the appropriation; the remainder of the variation was due, principally, to lapsing balances in construction projects. Some of the reasons for the lapsing balances were: delays in the preparation of necessary plans; the receiving of bids which were more favourable than expected; the work did not proceed as rapidly as planned; ancillary works to be performed on certain facilities could not be undertaken as the facilities concerned were required to be kept in use; and the decision not to proceed with certain projects in the year under review.

Vote 227a Payment to the National Harbours Board to be applied in payment of the deficits (exclusive of interest on advances by Parliament and depreciation on capital structures) incurred in respect of the calendar year 1962 and expected to be incurred in the calendar year 1963 in the operation of the Champlain Bridge, Montreal Harbour **92,000**

*Amounts shown in the first column under "Estimates" represent the capital budget as originally presented by the National Harbours Board through the Minister of Transport and subsequently approved by Parliament. Those in the second column represent the details of the voted appropriations provided by Parliament and those in the third column, the net expenditures made from these appropriations.

In accordance with section 29 of the National Harbours Board Act, c. 187, R.S., as amended, certificates of indebtedness for $5,732,728 bearing interest at 5⅛ per cent per annum and $859,882 at 5¼ per cent per annum, were issued to the Government of Canada to cover the above expenditures.

Expenditures reported under contracts include amounts charged to appropriations and to the replacement fund and the Board's revenues where applicable.

The variation between the appropriation and the total of expenditures charged thereto was due in part to the fact that some of the year's expenditures were charged to the Board's own funds rather than to the appropriation; the remainder of the variation was due, principally, to lapsing balances in construction projects. Some of the reasons for the lapsing balances were: delays in the preparation of necessary plans; the receiving of bids which were more favourable than expected; the work did not proceed as rapidly as planned; ancillary works to be performed on certain facilities could not be undertaken as the facilities concerned were required to be kept in use; and the decision not to proceed with certain projects in the year under review.

Provision was made in this appropriation for $30,000 to be paid to Municipality of South Hull for transfer of water system of Lakeview Terrace subdivision. Action was deferred by Municipality thus causing the variation between the appropriation and the total expenditures.

A Expenditures comprised: consulting engineer's fees $75, surveyor's fees $7,044 of which $1,500 was paid to Wilson and MacDougall Sault Ste Marie Ont.

Vote 100 Grants to veterans settled on provincial lands in accordance with agreements with provincial governments under section 38 of the Veterans' Land Act and grants to veterans settled on Dominion lands, in accordance with an agreement with Minister of Northern Affairs and National Resources under section 38 of the Veteran's Land Act **115,000**

Expenditures ..... **(28) $ 114,575**

A veteran who is settled on provincial or Dominion lands and who has not received assistance under other sections of the Act may receive a grant not exceeding $2,320 subject to the agreements that have been made with the province in which such land is situated and subject to his complying with the terms of his agreement for ten consecutive years. Grants take the form of disbursements by the Director for permanent improvements to the properties, for the purchase of livestock, farm machinery and equipment or for commercial fishing equipment.

Vote 105 Grants to Indian veterans settled on Indian reserve lands under section 39 of the Veterans' Land Act **40,000**

Expenditures ..... **(28) $ 31,862**

Under the above authority, an amount not exceeding $2,320 may be granted by the Director, the Veterans' Land Act, to an Indian veteran who settles on Indian Reserve lands, the said grant to be paid to the Minister of Citizenship and Immigration, who shall have the control and management thereof on behalf of the Indian veteran.

The above expenditures represent payments to the Indian Affairs Branch of the Department of Citizenship and Immigration.

Vote 111 To authorize, subject to the approval of the Governor in Council, necessary remedial work on properties constructed under individual firm price contracts and sold under the Veterans' Land Act and to correct defects for which neither the veteran nor the contractor can be held financially responsible; and for such other work on other properties as may be required to protect the interest of the Director therein **6,000**

Expenditures ..... **(14) $ 1,100**

Reductions in Veterans' Land Act advances, Veterans' Land Act, c. 280 R.S., as amended ..... **(28) $ 18,872**

The above charge represented the net amount of losses due to the resale prices of reverted properties being less than the outstanding debts on such properties. The offsetting credit was to Veteran's Land Act advances, which will be found under the schedule, Other Loans and Investments, in Volume I of this report. The loss to the federal government on the resale of reverted properties is partially offset by the consequent reduction of approximately $3,410 in the re-establishment credits which would otherwise have been available to the veterans concerned.

Refunds of amounts credited to revenue in previous years, Financial Administration Act, c. 116, R.S., as amended ..... **(22) $ 2,982**

The above amount represented refunds under section 19 of the Act.

Veterans' Land Act group insurance account ..... **(22) $ 50,000**

This statutory appropriation was provided to originate the Veterans' Land Act group insurance account in accordance with section 16A (3) of the Veterans' Land Act—See under the schedule, Deposit and Trust Accounts, in Volume I of this report.

Provision for reserve for conditional benefits, Veterans' Land Act, c. 280 R.S., as amended ..... (28) $ 3,220,101

Sales of land and chattels are made to veterans at less than the cost to the Director, conditional upon the terms of the agreement of sale being fulfilled for a period of ten years.

In each of the ten years, one-tenth of the amount of conditional benefits included in sales to veterans is charged hereto and credited to "Reserve for conditional benefits, Veterans' Land Act". As and when conditional benefits are earned, the amounts are charged thereto and credited to "Veterans' Land Act advances". These accounts will be found under the schedule, Other Loans and Investments, in Volume I of this report.

Write-off of active assets under authority of the Financial Administration Act c. 116, R.S., as amended ..... (22) $ 8,651

The above amount includes 6 uncollectible debts of veterans settled under the Veterans' Land Act amounting to $3,506: 2 debts amounting to $1,142 were written-off under authority P.C. 1964-24/265 February 20, 1964 and 4 debts amounting to $2,364 were written-off under authority P.C. 1964-27/265 February 20, 1964. The offsetting credits were to Veterans' Land Act advances, which will be found under the schedule, Other Loans and Investments, in Volume I of this report.

Also included are 8 items amounting to $5,145: 1 item amounting to $221 representing an uncollectible debt of a soldier settler written-off under sec. 23 of the Financial Administration Act under authority P.C. 1964-23/265 February 20, 1964 and 7 items amounting to $4,924 representing uncollectible debts of Indian soldier settlers written-off under sec. 23 of the Financial Administration Act. The offsetting credits were to soldier land settlement loans, under the schedule, Other Loans and Investments, in Volume I of this report.

B Included payments to part time instructors engaged for the purpose of marking correspondence courses, $29,814.

C Vocational training benefits may be paid to a veteran who takes a course in vocational or technical training, which has been approved as likely to fit him for employment or re-employment or to enable him to obtain better or more suitable employment. Allowances are payable for a period of twelve months or, in special cases, for a period not exceeding the period of service of the veteran.

D Allowances may be paid to a veteran who engages on his own account in any business and is awaiting returns therefrom. Allowances are payable for a period not exceeding the veteran's period of service or twelve months, whichever is the lesser.

E Allowances may be paid to a veteran who resumes or commences within one year and three months after discharge: (*a*) a course for the purpose of qualifying for admission to a university; (*b*) a university course, academic or professional, to which he is regularly admitted; or (*c*) a post-graduate course, either academic or professional. The last may be taken after completion of an undergraduate course. Allowances are payable

for the period during which the veteran is making satisfactory progress in the course. Commencing with the fiscal year 1946-47, advances were made to universities for the purpose of making small loans to meet emergency conditions among veterans who are being paid educational allowances. As repayments are received by the universities, the amounts are forwarded to the department. The outstanding balance at the close of the current fiscal year was $52,091.

F Under authority of the Children of War Dead (Education Assistance) Act, c. 27, 1952-53, as amended, allowances may be paid to eligible children of deceased veterans to enable them to continue their education beyond matriculation, secondary school graduation or equivalent education and pay in whole or in part for the cost of such education or instruction. The total period for which allowances and costs may be paid cannot exceed four academic years or thirty-six months, whichever is the lesser.

G Transportation and travelling expenses are paid to veterans who are taking vocational and technical training away from their home areas.

H Controlled assistance, generally in the form of cash, to provide shelter, lodgings, fuel and food to veterans in the following classifications who are unemployed and in necessitous circumstances:

(*a*) Veterans who served with the Canadian Forces during World War I, and who are in receipt of small disability pensions under the Canadian Pension Act.

(*b*) Veterans who served in World War I with Her Majesty's Forces other than Canadian or with the Forces of Her Majesty's Allies and who are in receipt of small disability pensions, and were resident in Canada on or before December 1, 1924.

P.C. 1959-1624, December 22, 1959 authorized in respect of goods donated by persons resident abroad to religious, charitable and educational institutions in Canada, and settler's effects, admissible free of duty and tax when accompanying the settler but which could not be imported at time of settler's removal to Canada, a remission of customs duty and excise taxes; and in respect of items of official militia uniform dress or accoutrement, not available in Canada, a remission upon importation of customs duty otherwise payable.

P.C. 1959-810, June 25, 1959, as amended, provided under prescribed conditions with respect to Canadian articles exported and reimported, for the remission of customs duty and excise taxes payable in excess of the amounts properly assessed on the cost of repairs made, processing or equipment added outside of Canada.

P.C. 1959-24/304, March 19, 1959 provided under certain circumstances for a remission to the Government of the United States all duties on ships owned by the Government of the United States when entering Canada to carry on operations which would otherwise render the ship liable to duties in accordance with part V of the Canada Shipping Act.

P.C. 1960-25/1702, December 16, 1960 provided with respect to automobiles purchased in Canada and which are to be operated temporarily prior to exportation by persons proceeding abroad, for a remission of 99% of customs duties and excise taxes in respect of such vehicles.

P.C. 1961-19/1384, September 28, 1961 authorized the partial remission of duty to Canadian Pratt & Whitney Aircraft Company, Limited, Longueuil, Que., as well as the remission of any special duty, on a quantity of equipment being imported from the United States to establish in Canada facilities for the manufacture under world-wide rights of spare parts for Pratt & Whitney piston aircraft engines.

P.C. 1961-28/1156, August 16, 1961 provided under prescribed conditions, with respect to sugars processed in Canada from raw cane sugars imported under British Preferential Tariff, that Most Favoured Nation Tariff rates may be used in the calculation of drawback.

P.C. 1961-14/1123, August 9, 1961 provided for a remission of customs duties and excise taxes normally applicable on the importation or procurement in Canada of equipment, material and supplies used in the construction of F104G aircraft, associated support equipment and initial spares, on the understanding that all such finished articles will be duly exported and that upon completion of the contract all remaining equipment, material and supplies not exported shall then become subject to the provisions of the Customs Tariff and Excise Tax Act.

P.C. 1962-902, June 24, 1962, The Surcharge on Imports Order, authorized with respect to the tariff items listed in the schedules to the Order, a remission of customs duty assessed under the General Tariff to the extent necessary to ensure that the amount of customs duty levied, collected and paid was not increased by more than 15%, 10% and 5% ad valorem on the goods specified in the tariff items listed in schedules A, B, and C of the Order respectively. The Surcharge on Imports Order was modified successively by remission of surcharge by the following orders in council: P.C. 1962-987 July 11, 1962, P.C. 1962-1124 August 9, 1962, P.C. 1962-1125 August 9, 1962, P.C. 1962-1195 August 24, 1962, P.C. 1962-18/1294 September 19, 1962, P.C. 1962-3/1249 September 6, 1962, P.C. 1962-1/1460 October 16, 1962, P.C. 1962-1/1639 November 15, 1962, P.C. 1962-1/1640 November 15, 1962, P.C. 1963-265 February 8, 1963 and P.C. 1963-524 March 30, 1963.

P.C. 1962-21/1067, August 1, 1962 authorized the remission of customs duties and federal sales and excise taxes under prescribed conditions which might otherwise be payable in respect of equipment, materials and supplies used or consumed for and in connection with channel improvements in Canadian waters through Pelee Passage and along sailing courses in the western end of Lake Erie, to be done by the Corps of Engineers, United States Army, its agents or contractors.

P.C. 1962-1594, November 8, 1962 provided for the remission of customs duties and excise taxes in respect of the temporary entry of specified articles imported for the special uses set forth in Schedule A to the Order.

P.C. 1963-10/316, March 1, 1963 authorized remission of customs duties on goods enumerated in tariff items specified in the Order during the period April 11, 1962 to June 30, 1963.

P.C. 1963-25/382, March 9, 1963 authorized the remission, before the liability therefor arises, of one half of all customs duties and taxes that would otherwise be payable in respect of vehicles and equipment imported into Canada by international bridge authorities solely and exclusively for the maintenance and operation of the Canadian portions of international bridges and their approaches.

P.C. 1963-713, May 9, 1963 authorized in respect of circuses and other amusement shows and devices remission of customs duty and excise taxes payable in excess of certain minimum amounts assessed for the period of time the goods remain in Canada.

P.C. 1963-714, May 9, 1963 provided for the remission of customs duties and excise taxes in respect of certain household and other articles imported under specified conditions for use by summer settlers.

P.C. 1963-715, May 9, 1963 provided under prescribed conditions with respect to Canadian articles exported and reimported for the remission of all or part of the customs duty and excise taxes payable in excess of the amounts properly assessed on the cost of repairs made, processing or equipment added outside of Canada.

P.C. 1963-28/1766, December 5, 1963 authorized the remission of customs duty paid or ordinarily payable on passover bread or matzos imported for use during the passover season and entered at customs from January 27, 1964 to April 16, 1964.

P.C. 1963-15/1854, December 20, 1963 authorized remission of customs duties and excise taxes in respect of machinery and apparatus and parts thereof (including motive power) of a class or kind not made in Canada, and drilling mud, when imported or diverted for use exclusively in the extraction of potash from underground deposits within the time limits specified in the Order in Council. Regulations providing for an increase in storage charges were established by P.C. 1963-1866, December 20, 1963, however, because of administrative difficulties in having the new charges effectively introduced prior to February 1, 1964, P.C. 1964-28/367, March 12, 1964 remitted the new storage charges to the extent that they exceeded the old storage charges for the period December 20, 1963 to January 31, 1964.

P.C. 1964-23/166, February 6, 1964 authorized remission of excise duty, sales and excise taxes on cigarettes purchased by the Province of Ontario for distribution as Christmas gifts to members of the armed services of all countries stationed in the province.

P.C. 1964-235, February 13, 1964 provided under prescribed conditions with respect to imported goods not as ordered when such goods are exported or destroyed under customs supervision, for the remission of customs duty and excise taxes paid at the time of importation.

Department of National Revenue—Taxation Division

Remissions of Income Tax:

Opemiska Copper Mines (Quebec) Limited	96,940

Prior to 1954 there was no section under the Income Tax Act to permit a successor company to deduct expenses incurred by its predecessor. P.C. 1963-20/584, March 12, 1963 authorized a remission in this case because of the fact that the transfer of property had been made only to comply with a new law in the Province of Quebec in 1937 and because of the fact that the mine owned by this company did not come into production in commercial quantities until 1954.

Terminal Dock and Warehouse Co. Ltd.	34,409

The adjustment requested by the taxpayer was prohibited by the provisions of section 55 of the Income War Tax Act. P.C. 1963-15/922, June 20, 1963 authorized a remission due to the long delay in reassessment by the United States Tax authorities.

Total	$ 131,349

Other remissions were granted as follows:

P.C. 1962-22/653, May 2, 1962 authorized remission of non-resident income tax that is or may become payable in respect of income tax received by the International Committee of the Red Cross on or after January 1, 1962.

P.C. 1964-1/167, February 6, 1964 authorized remission adjusting the tax to what would have been payable by Stanrock Uranium Mines Limited and the Trustee in Bankruptcy in respect of the estate of Stanrock Uranium Mines Limited if the provisions of Section 65A of the Income Tax Act were applicable to the 1960, 1961, 1962 and 1963 taxation years.

P.C. 1964-20/300, February 28, 1964 authorized remission of the tax that would have been payable if the remuneration received while acting as a Member of the Board of Trustees pursuant to Section 4 of the Maritime Transportation Union Trustees Act, established to deal with a dispute affecting the Maritime Unions in Canada, and which pursuant to the Income Tax Act, would have been tax exempt had the said appointment been made under the Inquiries Act, is included in computing his income subject to tax.

P.C. 1964-21/300, February 28, 1964 authorized remission of the tax that would have been payable if the remuneration received while acting as Chairman of a Conciliation Board, under the Industrial Relations and Disputes Investigation Act, established to deal with a dispute affecting the Negotiating Committee representing the Associated Non-Operating Unions and Canadian National Railways, Canadian Pacific Railways Company, Toronto; Hamilton and Buffalo Railway Companies, Toronto Northland Railway, Algoma Central and Hudson Bay Railway, Midland Railway of Manitoba, and Sydney and Louisburg Railway Company, and which pursuant to the Income Tax Act, would have been tax exempt had the said appointment been made under the Inquiries Act, is included in computing his income tax in the 1962 taxation year.

P.C. 1964-22/300, February 28, 1964 authorized remission of the tax that would have been payable if the remuneration received while acting as a Member of the Board of Trustees pursuant to Section 4 of the Maritime Transportation Union Trustees Act, established to deal with a dispute affecting the Maritime Unions in Canada, and which pursuant to the Income Tax Act, would have been tax exempt had the said appointment been made under the Inquiries Act, is included in computing his income subject to tax.

P.C. 1964-29/367, March 12, 1964 authorized remission of the tax that would have been payable if the remuneration received while acting as a Chairman of the Board of Trustees pursuant to Section 4 of the Maritime Transportation Union Trustees Act, established to deal with a dispute affecting the Maritime Unions in Canada, and which pursuant to the Income Tax Act, would have been tax exempt had the said appointment been made under the Inquiries Act, is included in computing his income subject to tax.

AUDITOR GENERAL OF CANADA

Ottawa, May 22, 1964.

The Honourable C. M. Drury,
Chairman of the Committee of the Privy Council
on Scientific and Industrial Research,
Ottawa.

Sir,

I have examined the accounts and financial statements of Atomic Energy of Canada Limited for the year ended March 31, 1964. In compliance with the requirements of section 87 of the Financial Administration Act, I report that, in my opinion:

(*a*) proper books of account have been kept by the company;

(*b*) the financial statements of the company

(i) were prepared on a basis consistent with that of the preceding year and are in agreement with the books of account,

(ii) in the case of the balance sheet, give a true and fair view of the state of the company's affairs as at the end of the financial year, and

(iii) in the case of the statement of income and expense, give a true and fair view of the income and expense of the company for the financial year; and

(*c*) the transactions of the company that have come under my notice have been within the powers of the company under the Financial Administration Act and any other Act applicable to the company.

Yours faithfully,

A. M. HENDERSON,
Auditor General of Canada.

Auditor General of Canada

NATIONAL CAPITAL COMMISSION—*Continued*

Notes to Balance Sheet as at March 31, 1964

(1) As at March 31, 1964, after crediting a Parliamentary appropriation of $7,500,000 for the fiscal year 1963–64, a balance of $6,425,500 was held by the Minister of Finance at the credit of the National Capital Fund, available for payment to the Commission to finance, with the approval of the Governor in Council, the cost of capital projects of the Commission and contributions towards the cost of municipal projects within the National Capital Region.

(2) Parliamentary votes in the fiscal years 1959–60 to 1963–64, inclusive, authorized loans of $37,000,000 to the Commission, in the current and subsequent fiscal years, for the purpose of acquiring property in the Greenbelt. Of this amount $30,900,000 was borrowed to March 31, 1964, leaving $6,100,000 which may be borrowed in subsequent fiscal years.

(3) In addition to the liabilities shown in the Balance Sheet, the Commission was under obligation as at March 31, 1964, for:

(*a*) compensation for properties expropriated estimated at $20,000,000;

(*b*) outstanding commitments under uncompleted works contracts amounting to approximately $1,632,000;

(*c*) commitments to the City of Ottawa as follows:

(i) a balance of $142,000 in connection with grants for interest on the cost of construction of certain sewer and water works projects undertaken in advance of normal construction;

(ii) a balance of $400,000 in respect of a contribution towards the cost of re-constructing Riverside Drive; and

(iii) a balance of approximately $25,000 in respect of a contribution towards the cost of an overpass at the intersection of Carling Avenue and the proposed Western Parkway.

(4) The Commission is committed to landscape and to transfer free of charge, the lands required for the following purposes:

(*a*) to the City of Ottawa, the right-of-way for the Queensway; and

(*b*) to the provinces of Ontario and Quebec, the approaches for the Macdonald-Cartier Bridge.

NATIONAL CAPITAL COMMISSION—*Concluded*

AUDITOR GENERAL OF CANADA

Ottawa, June 26, 1964.

The Honourable Jean-Paul Deschatelets,
Minister of Public Works,
Ottawa.

Sir,

I have examined the accounts and financial statements of the National Capital Commission for the year ended March 31, 1964.

A revised operating budget of the Commission which provided for expenditures of $8,178,000 in 1963-64 was approved by the Minister of Public Works on February 7, 1964 and by the Minister of Finance on February 25, 1964, pursuant to sub-section (1) of section 80 of the Financial Administration Act. A revised capital budget which provided for expenditures of $19,862,000 in 1963-64 was approved on March 19, 1964 by Order in Council P.C. 1964/431 pursuant to sub-section (2) of section 80 of the Act. It was stipulated in the approved budgets that expenditures in respect of each of the items detailed therein might exceed the amount shown by 10% without further approval, provided that approved budget totals were not exceeded.

The accounts of the Commission show that, while expenditures were within the totals of the approved budgets, the prescribed limits for two items in the operating budget, amounting to $66,000, were exceeded by $7,733 and the prescribed limits for four items in the capital budget, amounting to $602,800, were exceeded by $60,309 without further approval having been obtained.

In compliance with the requirements of section 87 of the Financial Administration Act, I report that, subject to the foregoing, in my opinion:

(*a*) proper books of account have been kept by the Commission;

(*b*) the financial statements of the Commission

(i) were prepared on a basis consistent with that of the preceding year and are in agreement with the books of account,

(ii) in the case of the balance sheet, give a true and fair view of the state of the Commission's affairs as at the end of the year, and

(iii) in the case of the related statements give a true and fair view of the financial transactions of the Commission for the year; and

(*c*) the transactions of the Commission that have come under my notice have been within the powers of the Commission under the Financial Administration Act and any other Act applicable to the Commission.

Yours faithfully,

A. M. HENDERSON,
Auditor General of Canada.

AUDITOR GENERAL OF CANADA

Ottawa, June 3, 1964.

The Honourable Maurice Lamontagne,
The Secretary of State,
Ottawa.

Sir,

I have examined the accounts and financial statements of the Canadian Broadcasting Corporation for the year ended March 31, 1964. In compliance with the requirements of section 87 of the Financial Administration Act, I report that, in my opinion:

(*a*) proper books of account have been kept by the Corporation;

(*b*) the financial statements of the Corporation

(i) were prepared on a basis consistent with that of the preceding year and are in agreement with the books of account,

(ii) in the case of the balance sheet, give a true and fair view of the state of the Corporation's affairs as at the end of the financial year, and

(iii) in the case of the statement of operations, give a true and fair view of the operations of the Corporation for the financial year; and

(*c*) the transactions of the Corporation that have come under my notice have been within the powers of the Corporation under the Financial Administration Act and any other Act applicable to the Corporation.

Yours faithfully,

A. M. HENDERSON,
Auditor General of Canada.

Auditors' Report

To The Honourable The Minister of Transport,
Ottawa, Canada.

We have examined the consolidated balance sheet of the Canadian National Railway System at December 31, 1963 and the consolidated income statement for the year ended on that date. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, subject to the position with regard to depreciation accruing prior to the adoption of depreciation accounting as referred to in Note 1, the accompanying consolidated balance sheet and the related consolidated income statement are properly drawn up so as to give a true and fair view of the state of the affairs of the System at December 31, 1963 and of the results of its operations for the year ended on that date according to the best of our information and the explanations given to us and as shown by the books of the System, and in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

We further report that, in our opinion, proper books of account have been kept by the System and the transactions that have come under our notice have been within the powers of the System.

CANADIAN NATIONAL RAILWAYS—*Continued*

Notes to Consolidated Financial Statements at December 31, 1963

Note 1: Property Investment

Additions since January 1, 1923 have been recorded at cost and properties and equipment brought into the System at January 1, 1923 are included at the values appearing in the books of the several railways now comprising the System to the extent that these have not been retired or replaced. Depreciation on Canadian Lines: Depreciation accounting as adopted for equipment in 1940, for hotel properties in 1954 and for track and road structures and all other physical properties except land in 1956 has been continued in 1963. The depreciation rates used are based on the estimated service life of the properties but do not provide for depreciation which was not recorded in prior years under the replacement and retirement accounting principles then in force, nor for extraordinary obsolescence resulting from the introduction of more efficient equipment.

Depreciation on U.S. Lines: Replacement accounting for track and depreciation accounting for equipment and other property except land has been continued in accordance with the regulations of the Interstate Commerce Commission.

Note 2: Material and Supplies

The inventory has been priced at laid down cost based on weighted average cost for ties, rails and fuel and latest invoice price for new materials in general stores, and at estimated utility or sales value for usable second hand, obsolete and scrap materials.

Note 3: Capital Stock

The capital stock of the Canadian National Railway Company (other than the four per cent preferred stock) and the capital investment of Her Majesty in the Canadian Government Railways are included in the net debt of Canada and disclosed in the historical record of government assistance to railways as shown in the Public Accounts of Canada.

Note 4: Major Commitments

(*a*) Pension Funds:

The Company has given a written acknowledgment to the Trustee of the Pension Funds for an amount not exceeding $395,000,000 for the outstanding liability in respect of prior service of active employees.

(*b*) Vacation Pay:

In accordance with past practice the Company has not recorded the liability for vacations earned in 1963 which will be paid in 1964.

(*c*) Chicago & Western Indiana Railroad Company:

The Grand Trunk Western Railroad Company is liable jointly and severally with four other proprietors as guarantor of principal and interest with respect to $10,997,000 First Collateral Trust Mortgage 4⅜% Sinking Fund Bonds due May 1, 1982 of the Chicago & Western Indiana Railroad Company. In addition, the proprietors are obligated to make annual sinking fund payments sufficient to retire the bonds at maturity and to meet interest as it falls due; in the absence of default of any of the other proprietors, Grand Trunk Western's proportion of such annual payments is one-fifth.

(*d*) The Belt Railway Company of Chicago:

The Grand Trunk Western Railroad Company is liable jointly and severally with eleven other proprietors as guarantor of principal, interest and sinking fund payments with respect to $36,505,000 First Mortgage 4⅝% Sinking Fund Bonds series "A", due August 15, 1987 of the Belt Railway Company of Chicago. Each proprietor is to make payments to the extent required in proportion to its usage of the Belt's facilities in the preceding three years. For the three years ended December 31, 1963 Grand Trunk Western Railroad's usage was approximately 2.1% of the total.

(*e*) Detroit & Toledo Shore Line Railroad Company:

The Grand Trunk Western Railroad Company is jointly and severally liable with one other proprietor as guarantor of principal, interest and sinking fund payments with respect ot $2,708,000 First Mortgage 3¼% 30-year series "A" Bonds, due December 1, 1982 of the Detroit & Toledo Shore Line Railroad Company.

McDONALD, CURRIE & CO.,
CHARTERED ACCOUNTANTS
630 Dorchester Boulevard West, Montreal

March, 16 1964.

To The Honourable The Minister of Transport,
Ottawa, Canada.

Sir:

As auditors of Canadian National Railways, we report, through you, to Parliament on our audit of the accounts of the System for the year ended December 31, 1963.

We have reported in the following terms on the financial statements included in the annual report of the System:—

"We have examined the consolidated balance sheet of the Canadian National Railway System at December 31, 1963 and the consolidated income statement for the year ended on that date. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, subject to the position with regard to depreciation accruing prior to the adoption of depreciation accounting as referred to in Note 1, the accompanying consolidated balance sheet and the related consolidated income statement are properly drawn up so as to give a true and fair view of the state of the affairs of the System at December 31, 1963 and of the results of its operations for the year ended on that date, according to the best of our information and the explanations given to us and as shown by the books of the System, and in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

We further report that, in our opinion, proper books of account have been kept by the System and the transactions that have come under our notice have been within the powers of the System."

We offer the following further comments:

Property Investment

The net investment in property and equipment increased during the year by only $10,884,919 as gross additions of $129,241,261, including net expenditure on Canadian Government Railways and an adjustment in respect of U.S. Lines, were offset by retirements of $55,651,273 and an increase of $62,705,069 in recorded depreciation.

It will be noted from the System's Property Investment Statement that capital expenditures were $127,050,182 in 1963, as compared with $113,487,661 in 1962, the most significant increase for the current year being for Telecommunication facilities. This substantial capital programme was financed entirely from the System's own resources and $22,757,684 provided from the issue of additional preferred stock.

Investments in Affiliated Companies not Consolidated

Additional advances were made to Trans-Canada Air Lines during 1963 but were repaid in June and July of the same year, so that the investment in this company remained unchanged at December 31, 1963 as compared with 1962.

Long Term Debt

During 1963 long term debt decreased by a net amount of $51,092,340 as summarized below:

Reduction in bonds outstanding—		
Matured February 1, 1963	$250,000,000	
Acquired through Purchase Funds	2,000,000	
Other redemptions	420,309	
		$252,420,309
Increase in loans from Government of Canada—		
For redemption of bonds matured	250,000,000	
For Purchase Funds—1962	5,007,344	
	255,007,344	
Less repayments at end of year	53,679,375	201,327,969
Net decrease in long term debt		$ 51,092,340

CANADIAN NATIONAL RAILWAYS—*Continued*

No new bonds were sold during 1963, the $250,000,000 principal sum maturing on February 1, 1963 being replaced by a loan of equal amount from the Government of Canada. Repayments on account of this loan and other interest-bearing Government loans were made from the System's own resources.

Market prices for the majority of the bonds issued in 1959 and 1960, with Purchase Fund conditions, remained above original issue prices during 1963 with the result that only $2,000,000 par value were re-purchased as compared with a permissible aggregate of $16,700,000 par value.

Insurance Fund and Reserve

The amount of the Fund was increased by $2,500,000 in 1963. This increase, the first since 1954, was approved by the Board of Directors on February 26, 1964 to permit coverage of additional risks.

At December 31, 1963 the Fund consisted of the following—

Securities— at cost or amortized value	$ 15,880,575
Cash, accounts receivable, accrued interest, etc.	1,619,425
	$ 17,500,000

The value of the above securities, based on market quotations, was approximately 9% lower than as shown above, as compared with 11% at the end of last year.

Estimated outstanding losses at December 31, 1963, chargeable against the reserve, amounted to $443,464.

Shareholders' Equity

Government of Canada equity increased during the year by a net amount of $24,389,787 represented by:

Additional preferred stock issued	$ 22,757,684
Increase in investment in Canadian Government Railways	1,645,579
	24,403,263
Less: Reduction in capital stock of subsidiary companies owned by the public—amalgamated during 1963	13,476
	$ 24,389,787

Corporate Structure

The number of companies comprising the System was reduced during 1963 by the elimination of five former subsidiaries and increased by the acquisition of full control of the Vancouver Hotel Company Limited.

Results of Operations—Year 1963

The System's deficit for the year was reduced by $5,905,937 as compared with 1962.

Railway operating revenues increased by 3.4% over 1962 with expenses rising only 1.8%. This improvement resulted in net railway operating income of $5,011,665 in contrast to a loss last year of $5,819,337.

Net income from other sources in the System declined $3,219,364 from the previous year, primarily in the Other Income category which reflects, of necessity, items of both income and expense of a special and sometimes non-recurring nature.

Net interest on debt was $1,705,701 more than in 1962, due mainly to a higher rate of interest being paid on the Government loan of $250,000,000 than on the equivalent par value of bonds replaced by this loan early in 1963.

Pensions

The company's contribution to the Pension Fund for the year 1963, computed on a basis consistent with that of the previous year, was greater than in 1962 due to higher wage costs and to the full year's effect of increased benefits that were instituted in April 1962.

The company's outstanding liability in respect of prior service of active employees, as acknowledged to the Trustee of the Pension Funds, remained unchanged at $395,000,000.

General

The investment in Materials and Stores was further reduced as compared with last year—the total reduction in the last five years being some $27,000,000.

CANADIAN NATIONAL RAILWAYS—*Concluded*

The principal amount of the company's claim against the St. Lawrence Seaway Authority for expenditures related to the Victoria Jubilee Bridge rail diversion was received on December 31, 1963 and was immediately applied to reduce the System's long term debt. Provision for payment of interest on this claim is included in Parliamentary Supplementary Estimates (E) for 1963-1964.

The 1962-1963 Financing and Guarantee Act extended, for a further two years from January 1, 1963, the provisions of the 1952 Capital Revision Act relating to the interest-free feature of the January 1, 1972 debenture and to the purchase of 4% preferred stock. The revision of the Company's capital structure which has been recommended to the Government involves the above-mentioned debenture and preferred stock purchases and the assumption by the Federal Government of the responsibility for payment of principal and interest on a portion of the Canadian National Railway's debt in recognition of a deficiency of depreciation accumulated against the System's property investment.

It will be noted that the form of the Consolidated Income Statement, including comparative figures for 1962, has been changed from last year, thereby providing additional information on the financial results of the System's activities.

Further improvements were made during the year in the accounting system, particularly in the area of financial planning and control, with additional refinements to be introduced in 1964.

We wish to record our appreciation to the officers and staff of the System for their co-operation and assistance in the conduct of our audit.

Yours faithfully,

McDONALD, CURRIE & CO.,
Chartered Accountants.

Notes to Financial Statements

1. As at March 31, 1964, the estimated cost of completing capital projects, as approved by Order in Council P.C. 1964-860 dated June 11, 1964, amounted to approximately $28,600,000, of which $10,400,000 relates to the year ending March 31, 1965.
2. Income tax was calculated on the basis of the depreciation provided in the accounts rather than using the capital cost allowances claimed for tax purposes. In consequence, the payment of income tax amounting to $424,110 was deferred to future years.
3. The addition to surplus of $306,332 represents a net adjustment of the amount recoverable from the Commonwealth Network for the years ended March 31, 1957 to 1963, inclusive.
4. Included in the expenses for 1964 are: remuneration of executive officers, $99,783; directors' fees, $1,200; and legal expenses, $2,199.

THE HONOURABLE J. W. PICKERSGILL,
MINISTER OF TRANSPORT,
OTTAWA.

Sir,

I have examined the accounts and financial statements of the Canadian Overseas Telecommunication Corporation for the year ended March 31, 1964. In compliance with the requirements of section 87 of the Financial Administration Act, I report that, in my opinion:

(*a*) proper books of account have been kept by the Corporation;

(*b*) the financial statements of the Corporation

(i) were prepared on a basis consistent with that of the preceding year and are in agreement with the books of account,

(ii) in the case of the balance sheet, give a true and fair view of the state of the Corporation's affairs as at the end of the financial year, and

(iii) in the case of the statement of income and expense, give a true and fair view of the income and expense of the Corporation for the financial year; and

(*c*) the transactions of the Corporation that have come under my notice have been within the powers of the Corporation under the Financial Administration Act and any other Act applicable to the Corporation.

Yours faithfully,

A. M. HENDERSON,
Auditor General of Canada.

Auditors' Report

To the Minister Responsible for
the Operations of the Corporation:

We have examined the attached financial statements of Central Mortgage and Housing Corporation for the year ended December 31, 1963 (presented with comparative figures for 1962) and have obtained all the information and explanations we have required. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we have considered necessary in the circumstances.

In our opinion, proper books of account have been kept and the transactions of the Corporation that have come under our notice have been within the powers of the Corporation.

In our opinion, and according to the best of our information and the explanations given to us and as shown by the books of the Corporation, the attached financial statements are properly drawn up so as to exhibit a true and fair view of the state of the affairs of the Corporation as at December 31, 1963 and the results of its operations for the year ended on that date, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

CORNWALL INTERNATIONAL BRIDGE COMPANY LIMITED—*Continued*

AUDITOR GENERAL OF CANADA

Ottawa, December 20, 1963.

To the Shareholders,
Cornwall International Bridge Company Limited,
Cornwall, Ontario.

I have examined the accounts of Cornwall International Bridge Company Limited for the year ended September 30, 1963, and have obtained all the information and explanations I have required.

The Company has been in process of winding up since July 3, 1962, when it ceased to operate the toll bridge system across the St. Lawrence River between Cornwall, Ontario, and Rooseveltown, New York. The toll bridge system is now operated by The Seaway International Bridge Corporation, Ltd., a wholly-owned subsidiary of The St. Lawrence Seaway Authority.

Since the close of the financial year, the Company has transferred free of charge to the Town of Massena, New York, a bridge over the Racquette River, a road serving the bridge, and land for the road allowance. The remaining parcels of land owned by the Company have been offered for sale.

In my opinion, the accompanying balance sheet is properly drawn up so as to exhibit a true and correct view of the state of the Company's affairs as at September 30, 1963, according to the best of my information and the explanations given to me, and as shown by the books of the Company.

A. M. HENDERSON,
Auditor General of Canada.

CORNWALL INTERNATIONAL BRIDGE COMPANY LIMITED—*Concluded*

AUDITOR GENERAL OF CANADA

Ottawa, December 20, 1963.

The Honourable George J. McIlraith,
Minister of Transport,
Ottawa.

Sir,

The accounts of Cornwall International Bridge Company Limited have been examined for the year ended September 30, 1963.

The shares of the Company are owned equally by The St. Lawrence Seaway Authority and the Saint Lawrence Seaway Development Corporation (a wholly-owned United States Government Corporation).

The Company has been in process of winding up since July 3, 1962, when it ceased to operate the toll bridge system across the St. Lawrence River between Cornwall, Ontario, and Rooseveltown, New York. The toll bridge system is now operated by The Seaway International Bridge Corporation, Ltd., a wholly-owned subsidiary of The St. Lawrence Seaway Authority.

Since the close of the financial year, the Company has transferred free of charge to the Town of Massena, New York, a bridge over the Racquette River, a road serving the bridge, and land for the road allowance. The remaining parcels of land owned by the Company have been offered for sale.

In compliance with the requirements of section 87 of the Financial Administration Act, I now report that, in my opinion:

(*a*) proper books of account have been kept by the Company;

(*b*) the balance sheet of the Company

(i) was prepared on a basis consistent with that of the preceding year and is in agreement with the books of account,

(ii) gives a true and fair view of the state of the Company's affairs as at the end of the financial year, and

(*c*) the transactions of the Company that have come under my notice have been within the powers of the Company under the Financial Administration Act and any other Act applicable to the Company.

Yours faithfully,

A. M. HENDERSON,
Auditor General of Canada.

Notes to Financial Statements

1. Deferred Account Receivable

The contract with the United Kingdom Atomic Energy Authority for the sale of 12,000 tons of uranium in concentrates provides for certain deliveries on which payments do not become due until later years of the contract period. The account receivable thus deferred at December 31, 1963 and amounting to $20,879,580 will increase in subsequent years, reaching a maximum of almost $32,000,000 in March 1965 and declining thereafter until it is fully paid at the end of the contract in 1973.

2. Excess of Costs and Expenses over Sales of Uranium Concentrates procured from other Producers

Concentrates are purchased by the company, as uranium procurement agent for the Crown, at various prices determined by separate agreements with each producer. In some cases the purchase prices are higher and in other cases lower than the prices at which concentrates are sold to the United States Atomic Energy Commission and the United Kingdom Atomic Energy Authority. Although all purchase costs will be fully recovered before the contracts are completed, there are periods within the life of the contracts when total costs of concentrates sold exceed total revenue from sales. During these periods, temporary financing is provided, as required, by the company. Charges are being applied against the contract revenue for the company's services in administering and financing the ore procurement programme.

At December 31, 1963 the excess of costs and expenses over sales of concentrates procured from other producers amounted to $2,989,607, of which $1,201,240 was incurred in the year under review. All such excess costs and expenses will be offset in subsequent periods when deliveries will be made at prices exceeding the costs of acquisition.

3. Claims

Claims aggregating approximately $20,000,000 have been received by the company in respect of alleged breaches of contract. Officers and legal counsel of the company deny any liability whatsoever under these claims.

4. Government of Canada Stockpile Programme

During 1963 the Treasury Board with the approval of the Governor in Council, granted authority for the entry into contracts between Her Majesty the Queen in right of Canada, acting and represented by Eldorado Mining and Refining Limited, and certain Canadian uranium producers for the purchase by Her Majesty of uranium bearing concentrates.

At December 31, 1963 the company was the custodian of uranium concentrates to a total cost of $6,342,372 thus acquired. The cost of these concentrates was charged to Department of Trade and Commerce Vote L63c, Appropriation Act No. 5, 1963 and was not included in the accounts of the company.

5. Supplementary Information

Included in expenses for 1963 are: directors' fees, $6,000; legal fees, $7,545; and remuneration of executive officers, $144,500.

ELDORADO MINING AND REFINING LIMITED—*Concluded*

AUDITOR GENERAL OF CANADA

Ottawa, March 2, 1964.

The Honourable Mitchell Sharp,
Minister of Trade and Commerce,
Ottawa.

Sir,

I have examined the accounts and financial statements of Eldorado Mining and Refining Limited for the year ended December 31, 1963. In compliance with the requirements of section 87 of the Financial Administration Act, I report that, in my opinion:

(*a*) proper books of account have been kept by the company;

(*b*) the financial statements of the company

(i) were prepared on a basis consistent with that of the preceding year and are in agreement with the books of account,

(ii) in the case of the balance sheet, give a true and fair view of the state of the company's affairs as at the end of the financial year, and

(iii) in the case of the statement of income and expense, give a true and fair view of the income and expense of the company for the financial year; and

(*c*) the transactions of the company that have come under my notice have been within the powers of the company under the Financial Administration Act and any other Act applicable to the company.

In accordance with the requirements of section 118 of the Companies Act, R.S. 1952, I report that the profit for the year of Northern Transportation Company Limited, a wholly-owned subsidiary, has not been included in the accounts of Eldorado Mining and Refining Limited. The net expenses of Eldorado Aviation Limited, another wholly-owned subsidiary, were recovered from Eldorado Mining and Refining Limited and Northern Transportation Company Limited as at December 31, 1963.

Yours faithfully,

A. M. HENDERSON,
Auditor General of Canada.

FARM CREDIT CORPORATION—*Concluded*

AUDITOR GENERAL OF CANADA

Ottawa, May 25, 1964.

The Honourable Harry W. Hays,
Minister of Agriculture,
Ottawa.

Sir,

I have examined the accounts and financial statements of the Farm Credit Corporation for the year ended March 31, 1964.

Section 15 of the Farm Credit Act requires the Corporation to establish a Reserve out of which may be paid "any losses sustained by the Corporation in the conduct of its business". The section further provides that the Corporation shall credit its net earnings each year to this Reserve until the amount of the Reserve equals the capital of the Corporation, which amounted to $13,350,000 at March 31, 1964. In the years up to March 31, 1960, the Reserve for Losses had been built up to an amount of $3,748,862, including $3,486,048 accumulated by the predecessor corporation (Canadian Farm Loan Board) to March 31, 1959.

Because the statutory lending rate of 5% on loans to farmers has not provided sufficient income to cover the interest paid on borrowings from the Government of Canada, administrative expenses and losses on loans, the Corporation has had annual losses since 1961. Losses aggregating $2,078,299 to March 31, 1963 were charged against the Reserve for Losses. The operating loss of $1,118,796 for the year ended March 31, 1964 was recovered from a Parliamentary appropriation (Vote 174e, Department of Agriculture) provided for that purpose and losses of $5,223 on real estate transactions were charged to the Reserve for Losses during the year. The balance in the Reserve at the year end was $1,665,340.

While continuation of the policy introduced during the year of providing a Parliamentary appropriation to cover the annual operating loss of the Corporation will prevent further depletion of the Reserve by such losses, no provision has been made for the building up of the Reserve to an amount equivalent to the capital of the Corporation as is contemplated by the Farm Credit Act.

In compliance with the requirements of section 87 of the Financial Administration Act I now report that, in my opinion:

(*a*) proper books of account have been kept by the Corporation;

(*b*) the financial statements of the Corporation

(i) were prepared on a basis consistent with that of the preceding year and are in agreement with the books of account,

(ii) in the case of the balance sheet, give a true and fair view of the state of the Corporation's affairs as at the end of the financial year, and

(iii) in the case of the statement of income and expense, give a true and fair view of the income and expense of the Corporation for the financial year; and

(*c*) the transactions of the Corporation that have come under my notice have been within the powers of the Corporation under the Financial Administration Act and any other Act applicable to the Corporation.

Yours faithfully,

A. M. HENDERSON,
Auditor General of Canada.

AND SUBSIDIARY COMPANIES

Notes to Financial Statements

1. Basis of Consolidation and Exchange Translation

The consolidated financial statements reflect the financial position and the results of operations of Polymer Corporation Limited and its subsidiary companies, Polymer Corporation (SAF), S.A. Polysar Belgium N.V., Polysar International S.A. and Polysar Nederland N.V. Translation of foreign currency accounts into Canadian dollars has been effected as follows: current assets and current liabilities at rates of exchange in effect on December 31; all other assets and liabilities at the rates prevailing when the assets were acquired or the liabilities incurred; capital stock at the rates prevailing when foreign exchange was acquired for investment in the subsidiary companies; and income and expenses at average rates in effect during the year except depreciation which was translated at the rates prevailing when the expenditures on the related fixed assets were made.

2. Depreciation and Income Tax

Depreciation is based on the expected useful life of the companies' assets. The parent company claims the maximum capital cost allowance permitted under the Income Tax Act in calculating taxable income and as a result, $325,000 of the provision for income tax in the current year has been carried to the "Deferred Income Tax" account on the Balance Sheet. This account may be reduced in future periods when depreciation may exceed capital cost allowances claimed for income tax purposes.

3. Long Term Debt

Polymer Corporation (SAF)

Loans outstanding total Fr 35,600,000 ($7,817,200) and are repayable in French francs during the years 1965-1971. With the exception of Fr 15,280,000 ($3,354,900) the loans are guaranteed by Polymer Corporation Limited.

S.A. Polysar Belgium N.V.

A loan of B.Fr 450,000,000 ($9,700,000) has been negotiated and B.Fr 350,000,000 ($7,567,000) was received by the year end. This secured loan is repayable in Belgian francs during the years 1969-1977 and is guaranteed by Polymer Corporation Limited.

4. Commitments

It is estimated that the company and its subsidiaries during the next year will spend $14,550,000 for the acquisition of capital assets and investment in shares of other companies.

5. Supplementary Information

The accounts for 1963 include the following amounts: depreciation, $7,340,966; directors' fees, $25,062; remuneration of executive officers, $320,600; legal fees, $134,238 and interest on long term debts, $576,559.

AUDITOR GENERAL OF CANADA

Ottawa, February 14, 1964.

The Honourable C. M. Drury,
Minister of Industry,
Ottawa.

Sir,

I have examined the accounts and financial statements of Polymer Corporation Limited and its subsidiary companies for the year ended December 31, 1963. In compliance with the requirements of section 87 of the Financial Administration Act, I report that, in my opinion:

(*a*) proper books of account have been kept by the company and its subsidiaries;

(*b*) the financial statements of the company and its subsidiaries

(i) were prepared on a basis consistent with that of the preceding year and are in agreement with the books of account,

(ii) in the case of the consolidated balance sheet, give a true and fair view of the state of the affairs of the company and its subsidiaries as at the end of the financial year, and,

(iii) in the case of the consolidated statement of income and expense, give a true and fair view of the income and expense of the company and its subsidiaries for the financial year; and

(*c*) the transactions of the company and its subsidiaries that have come under my notice have been within the powers of the company and its subsidiaries under the Financial Administration Act and any other Act applicable to the company and its subsidiaries.

Yours faithfully,

A. M. HENDERSON,
Auditor General of Canada.

THE ST. LAWRENCE SEAWAY AUTHORITY—*Continued*

Notes to Balance Sheet

1. Outstanding commitments under uncompleted contracts as at December 31, 1963 amounted to approximately $700,000.

2. Two claims for additional compensation totalling $385,000, received from contractors in respect of completed contracts, remained unsettled at December 31, 1963. The Authority's offer of $36,000 in settlement of one claim for $188,000, made with the approval of Treasury Board, has been rejected by the contractor who has filed an action against the Authority claiming $254,000 and interest.

3. The liability of the Authority with respect to compensation for properties under expropriation at December 31, 1963 is estimated by the Authority as amounting to $1,500,000.

4. In accordance with the provisions of Order in Council P.C. 1963-1912 of December 27, 1963 the principal amount of loans received under section 25 of the St. Lawrence Seaway Authority Act to finance construction of the Seaway, together with interest previously deferred and all other interest now accrued or accruing up to December 31, 1964, is to be repaid, together with current interest thereon, in forty-five equal annual instalments commencing December 31, 1965.

5. The Reserve for Replacement of Machinery and Equipment amounting to $4,254,283 at December 31, 1963 represents the accumulated provision for replacement of assets which the Authority considers will require replacement. No provision has been made in the accounts for the replacement of buildings, lock gates, and lock and bridge structures. The Authority considers that these Seaway works can be maintained in working condition at all times under its maintenance programme.

THE ST. LAWRENCE SEAWAY AUTHORITY—*Continued*

AUDITOR GENERAL OF CANADA

Ottawa, March 25, 1964

The Honourable J. W. Pickersgill,
Minister of Transport,
Ottawa.

Sir,

I have examined the accounts and the following financial statements of The St. Lawrence Seaway Authority for the year ended December 31, 1963:

Balance Sheet
Statement of Income and Expense for the year ended December 31, 1963
Statement of Expense for the year ended December 31, 1963 ..... Schedule A
Capital Assets as at December 31, 1963 ..... Schedule B
Non-toll Canals
Statement of Expense, Income and Capital Expenditures for the year ended December 31, 1963 ..... Exhibit I

Section 25 of the St. Lawrence Seaway Authority Act provides that the Minister of Finance, with the approval of the Governor in Council, may from time to time make loans to the Authority. Section 13 of the Act, as amended, states that the aggregate of the amounts so borrowed under the Act and outstanding shall not at any time exceed $535,000,000.

The accompanying balance sheet shows that the Authority was indebted to the Government of Canada on December 31, 1963 in respect of loans and deferred interest in the total amount of $415,761,051, made up as follows:

Loans under section 25 of the Act	$341,500,000
Temporary loans under section 26 of the Act	8,000,000
Interest to December 31, 1959—deferred	19,427,117
Interest for the year 1961—deferred	14,288,940
Interest for the year 1962—deferred	15,671,951
Interest for the year 1963—deferred	16,873,043
	415,761,051

Under the provision of section 16 of the St. Lawrence Seaway Authority Act, tolls are to be "designed to provide a revenue sufficient to defray the cost to the Authority of its operations", which costs are defined as including payments in respect of the interest on amounts borrowed by the Authority and amounts sufficient to amortize the principal of amounts so borrowed over a period not exceeding fifty years. The original conditions under which loans were made to the Authority under section 25 of the Act required the payment only of interest in the first three full years of operation (through the year ending December 31, 1962) and thereafter payment of annual amounts sufficient to amortize over a period of forty-seven years (or by December 31, 2009) all loans and interest thereon. The terms of the Authority's financing arrangements were amended in 1961 and again in 1963 and now call for repayment of all loans together with interest previously deferred and all other interest accrued or accruing up to December 31, 1964, together with current interest thereon, in forty-five equal annual instalments commencing December 31, 1965.

In accordance with these financial arrangements the year's operations have been charged with interest amounting to $16,803,405 (an additional amount of $70,381 was included in construction costs), but this interest has not been paid and is included in the balance sheet as part of the Proprietary Equity of the Government of Canada. There was no charge to the year's operations with respect to amortization of the principal of the amounts borrowed.

The costs of operating and maintaining the canals and works under the administration of the Authority are defined under paragraph (c) of section 16 as including all operating costs of the Authority and such reserves as may be approved by the Minister. The Authority is of the opinion that it is not necessary to include depreciation as an element of operating and maintenance cost and that the amortization over the fifty-year period of the principal of the amounts borrowed together with interest as required by subsections (a) and (b) meets the requirements of the Act. Accordingly, no provision for depreciation has been included in the costs of the year under review.

Provision has been made during the year under review toward the cost of replacing machinery and equipment, including lock, bridge and building machinery and equipment, in the amount of $961,254. The Reserve for Replacement of Machinery and Equipment as thus augmented amounted to $4,254,283 at December 31, 1963.

No provision has been made in the accounts for the replacement of buildings, lock gates and lock and bridge structures. The Authority considers that these Seaway works can be maintained in working condition at all times under its maintenance programme.

THE ST. LAWRENCE SEAWAY AUTHORITY—*Concluded*

In compliance with the requirements of section 87 of the Financial Administration Act, I report that, in my opinion, subject to the above observations:

(*a*) proper books of account have been kept by the Authority;

(*b*) the financial statements of the Authority

(i) were prepared on a basis consistent with that of the preceding year, and are in agreement with the books of account,

(ii) in the case of the balance sheet, give a true and fair view of the state of the Authority's affairs as at the end of the financial year, and

(iii) in the case of the statement of income and expense, give a true and fair view of the income and expense of the Authority for the financial year; and

(*c*) the transactions of the Authority that have come under my notice have been within the powers of the Authority under the Financial Administration Act and any other Act applicable to the Authority.

Yours faithfully,

A. M. HENDERSON,
Auditor General of Canada.

Note—The Seaway International Bridge Corporation, Ltd. was incorporated for the purpose of operating and managing the international toll bridge system between Cornwall, Ontario and Rooseveltown, N.Y. on behalf of the owners, The St. Lawrence Seaway Authority and the Saint Lawrence Seaway Development Corporation. By agreement between the Seaway entities the annual income from the operation of the bridge system, after payment of operating expenses, is to be applied first towards the amortization of the full cost of the North Channel bridge together with interest thereon after which the balance of the income is to be divided equally between the Seaway entities.

As shown by the attached Statement, the net income of the Corporation from the operation of the bridge system for the year ended December 31, 1963, amounted to $193,351. This amount was transferred to The St. Lawrence Seaway Authority to be applied towards the amortization of the cost of the North Channel bridge together with the interest thereon, leaving an unamortized balance of $8,872,598 at December 31, 1963.

THE SEAWAY INTERNATIONAL BRIDGE CORPORATION, LTD.—*Concluded*

AUDITOR GENERAL OF CANADA

Ottawa, March 17, 1964.

The Honourable J. W. Pickersgill,
Minister of Transport,
Ottawa.

Sir,

I have examined the accounts and financial statements of The Seaway International Bridge Corporation, Ltd. for the year ended December 31, 1963. In compliance with the requirements of section 87 of the Financial Administration Act, I now report that, in my opinion:

(*a*) proper books of account have been kept by the Corporation;

(*b*) the financial statements of the Corporation

(i) are in agreement with the books of account,

(ii) in the case of the balance sheet, give a true and fair view of the state of the Corporation's affairs as at the end of the financial year, and

(iii) in the case of the statement of income and expense, give a true and fair view of the income and expense of the Corporation for the financial year; and

(*c*) the transactions of the Corporation that have come under my notice have been within the powers of the Corporation under the Financial Administration Act and any other Act applicable to the Corporation.

Yours faithfully,

A. M. HENDERSON,
Auditor General of Canada.

McDONALD, CURRIE & CO.,
CHARTERED ACCOUNTANTS
630 DORCHESTER BOULEVARD WEST, MONTREAL

February 24, 1964.

To THE HONOURABLE THE MINISTER OF TRANSPORT,
OTTAWA, CANADA.

Sir:

As auditors of Trans-Canada Air Lines, we report, through you, to Parliament on our audit of the accounts of that Corporation for the year ended December 31, 1963.

We have reported in the following terms on the financial statements included in the annual report of the Corporation:—

"We have examined the balance sheet of Trans-Canada Air Lines as at December 31, 1963 and the statement of income for the year ended on that date. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and the related statement of income, when read in conjunction with the notes thereto, are properly drawn up, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year, so as to give a true and fair view of the state of the affairs of the Corporation at December 31, 1963 and of the results of its operations for the year ended on that date, according to the best of our information and the explanations given to us and as shown by the books of the Corporation.

We further report that, in our opinion, proper books of account have been kept by the Corporation and the transactions that have come under our notice have been within the powers of the Corporation".

We offer the following further comments—

CAPITAL ASSETS

Property and Equipment

There was an increase of $4,716,579 during the year in the net investment in Property and Equipment, as summarized hereunder:

Additions		
Aircraft and component parts—principally 4 DC8's	$34,488,891	
Buildings and ground equipment	2,059,708	$36,548,599
Retirements		
2 DC3's, 2 Super Constellations, 2 Viscounts, 1 DC8, aircraft spares and sundry ground equipment		15,427,860
		21,120,739
Increase in accumulated depreciation— after applying $7,801,695 for Property and Equipment retired during the year		16,404,160
Net Increase in Property and Equipment		$ 4,716,579

The DC8 retired was destroyed in an accident on November 29, 1963 and the book value of this aircraft was charged to the Corporation's Insurance Reserve.

Depreciation has been provided on a "straight line" method at the same rates as used in 1962 as follows:

Aircraft—to reduce to residual value over estimated useful life from date of being placed in regular service.

Viscount — nine years
DC8 — twelve years
Vanguard — ten years

Ground Facilities—to amortize over estimated useful life, the period depending upon the type of asset.

TRANS-CANADA AIR LINES—*Continued*

Initial and Progress Payments

These amounted to $7,251,511 at December 31, 1963, a decrease of $7,781,895 as compared with the previous year.

They apply to the following commitments, including capitalized interest:

Aircraft and related components—	
1 Vanguard and 1 DC8 for delivery in 1964	$6,003,482
6 DC9's for delivery in 1966	1,004,521
	7,008,003
Buildings and ground equipment	243,508
	$7,251,511

Further amounts totalling $36,000,000 remain to be paid for equipment on order.

MATERIALS AND SUPPLIES

The overall investment in Materials and Supplies declined as compared with 1962 due to a reduction in general stocks and the amortization of inventories which the Corporation estimates will remain on hand at the end of the service life of each aircraft type presently in use.

INSURANCE FUND AND RESERVE

The fund decreased during the year by a net amount of $2,834,767, representing claims processed of $7,152,405—less interest of $367,638 and accruals of $3,950,000 charged to operations. The claims processed include $7,113,943 for the book value of the aircraft destroyed in the Ste-Thérèse accident. Future additional claims relating to this and another major accident in 1963, as referred to in Note 1 to the financial statements, have not been processed as the Corporation's loss or liability has not been finally determined.

At the end of the year the fund was comprised of—

Securities—at cost	$9,733,527
Cash and accrued interest	116,148
	9,849,675
Less: Amount payable to Corporation	3,867,846
	$5,981,829

The quoted market value of securities at December 31, 1963 was 6% lower than cost, as compared with 7% at the end of last year.

LOANS AND DEBENTURES

At December 31, 1963 the amounts of these obligations remained unchanged from the previous year and are payable to the Canadian National Railways as follows:

Notes	
Demand	$ 27,000,000
Maturing in 1964, subject to renewal	28,371,000
Debentures	
Maturing December 15, 1964 but exchangeable at the option of the holder on or before June 15, 1964 for debentures of the same issue maturing in 1971.	34,994,000
Maturing in period 1967–1987	147,106,000
	$237,471,000

The average rate of interest paid on the above obligations and on temporary loans was 4.83% for the year.

CURRENT POSITION—WORKING CAPITAL

There was an increase of $4,458,451 in working capital during the year attributable as follows:

Funds Provided from—		
Net income, year 1963		$ 527,875
Depreciation and amortization less amount provided for obsolescence of Materials and Supplies		25,071,115
Retirements—Property and Equipment	$ 15,427,860	
Less: Amount charged against accumulated depreciation	7,801,695	7,626,165
		33,225,155
Funds Applied to—		
Additions to Property and Equipment including progress payments		28,766,704
Increase in Working Capital		$ 4,458,451

STATEMENT OF INCOME

Net income for 1963 was $527,875 as compared with a deficit of $3,540,625 in 1962.

Operating revenues increased by $15,916,823 with all sources reporting higher amounts than last year, the most significant percentage increase being in charter revenue which grossed $4,402,574 more than in 1962.

Operating expenses were $12,043,512 more than last year, mainly increased accruals for self-insurance and higher depreciation charges due to additional aircraft being placed in service during 1963.

GENERAL

Where applicable, foreign currencies at December 31, 1963 have been converted at rates similar to last year—viz. United States dollars at $1.08 and sterling at $3.03 to the pound.

We wish to record our appreciation to the officers and staff of the Corporation for their co-operation and assistance in the conduct of our audit.

Yours faithfully,

McDONALD, CURRIE & CO.,
Chartered Accountants.

CANADIAN CORPORATION FOR THE 1967 WORLD EXHIBITION—*Continued*

Montreal, March 25, 1964.

To: The Honourable Mitchell Sharp,
Minister of Trade and Commerce, Ottawa
and
The Honourable Gérard Lévesque
Minister of Industry and Commerce, Quebec

Sirs,

We have examined the accounts and the following financial statements of the Canadian Corporation for the 1967 World Exhibition for the period from December 20, 1962 (date of inception of the Corporation) to December 31, 1963:

Balance Sheet as at December 31, 1963	Exhibit I
Statement of Operations for the period from December 20, 1962 to December 31, 1963	Exhibit II
Capital and Prepaid Development Costs as at December 31, 1963	Exhibit III
Proprietors' Equity Account for the period ended December 31, 1963	Exhibit IV

Section 15 of the Canadian Corporation for the 1967 World Exhibition Act provides under subsection (1) that the Corporation submit an operating budget and a capital budget for its 1963 financial year to the Minister designated to act as the Minister for the Exhibition and to the Minister of Industry and Commerce for the Government of the Province of Quebec for their approval and the approval of the Minister of Finance and the Minister of Finance of Quebec and the capital budget so approved shall be laid by the aforementioned Minister before Parliament.

Pursuant to this provision, an initial operating budget for 1963 totalling $1,338,034 was prepared and submitted to the appropriate Ministers in April 1963 and was approved in September 1963. A revised operating budget in the amount of $1,295,000 for 1963 was approved by the Minister for the Exhibition and the Minister of Finance on January 21, 1964, and has been submitted to the Government of the Province of Quebec and approved by the Minister of Industry and Commerce.

The accounts of the Corporation disclose that this budget was exceeded by $142,577 as follows:

	Funds Advanced for Budget	Expenditures by Corporation	Excess Expenditures
Government of Canada	647,500	718,789	71,289
Government of the Province of Quebec	485,625	539,091	53,466
City of Montreal	161,875	179,697	17,822
	$ 1,295,000	$ 1,437,577	$ 142,577

The expenditures made in excess of the budget, shown above in the amount of $142,577, were caused by the engagement of staff and the incurring of other operating costs in excess of those authorized in the 1963 revised budget approved on January 21, 1964.

Section 8 of the Canadian Corporation for the 1967 World Exhibition Act provides under subsection (2) that the Corporation shall submit a plan of organization to the Governor in Council and the Lieutenant Governor in Council for approval showing the number of officers and employees estimated to be required, for the proper conduct of the business of the Corporation, the various classes of positions estimated to be required and the proposed rates of compensation for each class of position, and the Corporation shall not employ an officer or employee except in accordance with the plan of organization so approved.

A plan of organization as required by the above mentioned statute was prepared and submitted to the appropriate Ministers in April 1963. This plan was approved by the Governor in Council on August 28, 1963 under Order in Council P.C. 1963-1296 detailing the establishment in terms of positions, numbers of personnel to be engaged and recommended salary ranges to be paid for each position or classes of positions. This approval authorized a total establishment for 1963 of 79 positions. Similar approval was given by the Lieutenant Governor in Council on April 5, 1963 under Order in Council 582.

Our examination of the records of the Corporation for the period ended December 31, 1963 has disclosed that the number of personnel engaged during that period exceeded the above authorization, the size of the staff having increased during the closing months of 1963 to 136 persons. We have also found that the salaries paid during the period were, in 80 instances, either in excess of the salary ranges authorized for the same or comparable positions, or applied to positions not provided for in the approved plan of organization.

CANADIAN CORPORATION FOR THE 1967 WORLD EXHIBITION—*Concluded*

On March 23, 1964 a new plan of organization pursuant to subsection (2) of Section 8 of the Act was approved by the Governor in Council under Order in Council P.C. 1964–433. This provided that the total number of staff shall not at any time exceed 400 during the year 1964. The salary scale approved for these positions in certain of the categories provides for higher salaries than the scale approved for the year 1963 to which reference has been made in the preceding paragraphs. The new plan of organization was also approved by the Lieutenant Governor in Council on March 24, 1964 under Order in Council 580 which, in addition, amended Order in Council 582 of April 5, 1963, thereby approving the size of the staff and the salaries paid during the period ended December 31, 1963.

In our opinion, subject to the foregoing comments, the accompanying financial statements of the Corporation are properly drawn up so as to give a true and fair view of the state of the affairs of the Corporation at December 31, 1963 and of the results of its operations for the period ended on that date according to the best of our information and the explanations given to us and as shown by the books of the Corporation and in accordance with generally accepted accounting principles.

Subject to the foregoing comments, we further report pursuant to Section 17 of the Canadian Corporation for the 1967 World Exhibition Act that, in our opinion

(*a*) proper books of account have been kept by the Corporation,

(*b*) the financial statements of the Corporation

(i) are in agreement with the books of account,

(ii) in the case of the balance sheet, give a true and fair view of the state of the Corporation's affairs as at the end of the period, and

(iii) in the case of the statement of operations, give a true and fair view of the operations of the Corporation for the period; and

(*c*) the transactions of the Corporation that have come under our notice have been within the powers of the Corporation under the Canadian Corporation for the 1967 World Exhibition Act and any other Act applicable to the Corporation.

A. M. HENDERSON, F.C.A.,
Auditor General of Canada.

GUSTAVE E. TREMBLAY, C.A.,

NORTHERN ONTARIO PIPE LINE CROWN CORPORATION—*Concluded*

AUDITOR GENERAL OF CANADA

Ottawa, February 4, 1964

The Honourable Mitchell Sharp,
Minister of Trade and Commerce,
Ottawa.

Sir,

The accounts and financial statements of Northern Ontario Pipe Line Crown Corporation have been examined for the year ended December 31, 1963. In compliance with the requirements of section 87(1) of the Financial Administration Act, I report that in my opinion:

(*a*) proper books of account have been kept by the Corporation;

(*b*) the financial statements of the Corporation

(i) were prepared on a basis consistent with that of the preceding year and are in agreement with the books of account, and

(ii) in the case of the balance sheet, give a true and fair view of the state of the Corporation's affairs as at December 31, 1963,

(*c*) the transactions of the Corporation that have come under my notice have been within the powers of the Corporation under the Financial Administration Act and any other Act applicable to the Corporation.

Pursuant to section 87(2) of the Financial Administration Act, a report was made on August 22, 1963 to the President and Directors indicating the financial position of the Corporation immediately prior to the sale of the Northern Ontario Section of the all-Canadian natural gas pipe line. Attached to that report was a summary of the financial transactions subsequent to May 29, 1963, the date of the sale to Trans-Canada Pipe Lines Limited. Details of this information are contained in Exhibit III of this report.

Yours faithfully,

A. M. HENDERSON,
Auditor General of Canada.
